

Unique daily newsfeed service - it's SEO good!

Unique daily Newsfeed content offers the following benefits:

- Keeps your site looking fresh and up-to-date
- Improves SEO
- Draws people to your site and keeps them there, as you develop a reputation as being an industry spokesperson and a thought leader

What can we do for you?

- Keyword audit to anchor down agreed keywords in advance of newsfeed service commencing
- UNIQUE, daily newsfeed service
Your stories will be recognised by Google as unique content
Whilst other source material may be used as the basis for some stories, the content will be tailored to your business
- Stories professionally sub-edited and written by experts
- Stories pre-written in batches (eg: batches of 7), for you to pre-approve prior to upload
- You can upload or we will upload for you as part of the service

- Commercial and 'political' reality check done on all stories

le: your stories will not promote competitors and will take into account all audiences so that your unique content is PR-ready, as opposed to unvetted newsfeeds simply stripped from other sites
